—Honors and Awards—

- The Million Scholarship for Excellence in Astronomy and Astrophysics: Outstanding Master’s Thesis (UF)
Fall 2022
- Million Graduate Student Research Symposium Award for Outstanding Research Presentation (UF)
Fall 2022
- John Oliver Award for Distinguished Contributions to the Department by a Graduate Student (UF)
Fall 2022
- Astro Award for Distinguished Service and Citizenship (UF)
Fall 2022
- University of Illinois Tutor of the Year Honorable Mention
Spring 2021
- University of Illinois Tutor of the Year Finalist
Spring 2021
- Dean’s List (UIUC):
 - ◊ College of Liberal Arts and Sciences
Fall 2020
 - ◊ Grainger College of Engineering
Spring 2018, 2019
- Access and Achievement Scholar (UIUC)
Fall 2017 - Spring 2021
- Eagle Scout, Boy Scouts of America
April 2015

—Education—

University of Florida Master’s of Science in Astronomy
2021 – 2023

University of Illinois Bachelor’s of Science in Engineering Physics (*Honors*)
2017 – 2021 Bachelor’s of Science in Astronomy (*Distinction*)

—Research Experience—

Graduate Researcher University of Florida
2021 – Present Advisor: Paul Torrey

- Study galaxy formation and evolution through the use of high-performance computing tools analyzing state-of-the-art cosmological simulations (Illustris/IllustrisTNG)
- One first-author publication pending journal approval with a second project in the development stages
- Collaborate with an international team with individuals from several different institutions (e.g., Lars Hernquist [CfA/Harvard], Lisa Kewley [CfA/Harvard/Australia National University], Erica Nelson [U.Colorado])

Students Mentored:

- ◊ Caitlin O’Brien (REU Student) – Parameterizing Splashback Radii-Mass Relations of Galaxy Clusters with IllustrisTNG Simulations

Undergraduate Researcher University of Illinois
2020 – 2021 Advisors: Bryan Dunne & Yue Shen

- Created requests for telescope usage then obtain and processed FITS and TIF files into color images
- Reworked IDL scripts into Python and utilized FITS data to produce publication quality plots

—Publications—

First Author Publications:

1. *Gas-phase metallicity break radii of star-forming galaxies in IllustrisTNG*
Garcia, Torrey, Hemler, Hernquist, Kewley, Grasha, Nelson, Zovaro, Chen.
MNRAS. Submitted. [arXiv]

Co-Author Publications:

3. *Gas-phase metallicity plateaus in TNG50 galaxies*
Hemler, **Garcia**, Torrey, Hernquist, Kewley, Grasha, Nelson. MNRAS. In Prep
2. *The First Quiescent Galaxies in IllustrisTNG: Not the main progenitors!*
Hartley, Nelson, ..., **Garcia**, ... MNRAS. In prep
1. *Resolving scaling relations in IllustrisTNG at $z = 0$*
Qi, Torrey, Moreno, Hemler, Hernquist, **Garcia**. MNRAS. In Prep

Talks:

2. *Stellar Metallicities as a Star Formation History Diagnostic*
UF Graduate Symposium
October 2022
1. *Metallicity Break Radii in IllustrisTNG Galaxies*
Master’s Defense
September 2022 [Video]

Committees

Committee for Diversity, Equity and Inclusion

University of Florida Astronomy
2021 - Present

Activities

Bluecoats Drum and Bugle Corps
Summer 2019, 2020, 2021

Fighting Illini Basketball Pep Band
Spring 2020

Madison Scouts Drum Corps
Summer 2017, 2018

Non-research Publications:

2. *Hands-on Astronomy – Tenth Edition*

- UF Astronomy 1022L Lab manual updates [\[Summary\]](#)

1. *Astronomy Laboratory Exercises and eXperiments (ALEX)*

- UF Astronomy 1022L Lab software [\[Github\]](#) [\[View\]](#)

Professional Experience

Teaching/Course Assistant

Gainesville, FL/Urbana, IL

	Course	Semester
University of Florida	AST 1022L - Astronomy Laboratory	<i>Spring 2023</i>
	AST 1022L - Astronomy Laboratory	<i>Spring 2022</i>
	AST 1002 - Discovering the Universe	<i>Fall 2021</i>
University of Illinois	ASTR 330 - Extraterrestrial Life	<i>Spring 2021</i>
	ASTR 330 - Extraterrestrial Life	<i>Winter 2021</i>
	ASTR 100 - Introduction to Astronomy	<i>Fall 2020</i>
	ASTR 150 - Killer Skies: Astro-Disasters	<i>Fall 2020</i>

- During the Spring 2022 semester, I reformatted the entire AST 1022L lab manual into LaTeX (including most of the figures in Tikz) for ease of editing and uniformity throughout the entire 160+ page manual.
- Created lab software in HTML/JS/CSS to replace outdated software for three labs (AST 1022L).
- Host observatory sessions at the campus observatory for students in the course to attend. Includes setting up an array of telescopes and fielding student questions on their assignments.
- Provide timely and constructive feedback on a variety of student assignments ranging from discussion posts to multi-page lab reports.

Planetarium Assistant

2021 – Present

Gainesville, FL

Kika Silva Pla Planetarium

- Design, develop, and present planetarium shows for K-12 classes, collegiate-level curricula, as well as the general public.
- Host several shows, including *Florida Skies*: an hour long tour of the Gainesville night sky using a Goto-CHRONOS II optical-mechanical projector.

Tutor

2018 – 2021

Urbana, IL

Center for Academic Resources in Engineering

- Guided undergraduate students towards success in various homework assignments in a number of different disciplines.
- Planned and led small group exam review sessions, including the creation of worksheets, for specific courses and presented to students in order to help them review for exams.
- Analyzed the data on traffic of incoming students and created monthly reports of attendance, tracking several different variables.
